| Department, School, or Unit Head (Requestor) | Prepares initial space request for review and approval by Campus Officer to whom authority has been delegated for assignment of space. Space request should contain the following:  
  - Justification in terms of goals, objectives, or new program plans;  
  - Description of space requirements (number of rooms and square feet);  
  - Description of usage (e.g., instructional, office);  
  - Evaluation of alternatives for space explored within requestor's area; and  
  - Impact on programs or activities of inability to obtain additional space. |

| Campus Officer                  | Reviews request and may engage the technical assistance of Capital Programs and Space Management & Analysis for analysis of space needs.  
  If request is approved, may assign new space or reassign existing space under Campus Officer's jurisdiction to subordinate units or delegate this responsibility to unit heads. Any space changes are to be reported to the Space Inventory Services in Facilities Management. Space Inventory Services provides staff assistance for this function. OR |
