# UCLA Policy 410: Access without Consent to Electronic Communications Records

Issuing Officer: Associate Vice Chancellor & Chief Compliance and Audit Officer Responsible Department: Administrative Policies and Compliance Office Effective Date: August 11, 2022 Supersedes: UCLA Policy 410, dated 8/16/2010

- I. PURPOSE & SCOPE
- **II. DEFINITIONS**
- **III. POLICY STATEMENT**
- **IV. ACCESS WITHOUT CONSENT**
- V. PRESERVATION OF EVIDENCE
- **VI. REFERENCES**
- **VII. ATTACHMENTS**

### I. PURPOSE & SCOPE

The University recognizes that principles of academic freedom and shared governance, freedom of speech, and privacy hold important implications for the use of electronic communications. The University of California Electronic Communications Policy (ECP) reflects these firmly held principles within the context of the University's legal and other obligations. The University respects the privacy of electronic communications while seeking to ensure that University records are accessible for the conduct of the University's business.

This Policy implements the provisions of the ECP relevant to nonconsensual access (hereafter referred to as "access without consent") to University Electronic Communications Records. This Policy, consistent with the ECP, also addresses Electronic Communications Records for preservation of evidence and investigations.

This Policy applies to all Holders of Electronic Communications Records about or relating to University activities.

#### **II. DEFINITIONS**

For the purposes of this Policy:

See Attachment B

### **III. POLICY STATEMENT**

The University must obtain a Holder's consent prior to any access to Electronic Communications Records in the Holder's Possession for the purposes of examination or disclosure of University Electronic Communications Records, except under circumstances as outlined in and in accord with Section IV of this Policy.

University employees must comply with University requests for access to Electronic Communications Records in their Possession that pertain to the activities of the University, or whose disclosure is required to comply with applicable laws.

Except for UCLA Emeritus faculty and UCLA Emeritus staff, and Registered Students, or unless pursuant to an agreement for continuing provision of an Electronic Communications Service (including eligibility for Google Apps for UCLA services), employees who have separated from the University of California are no longer the Holders of Electronic Communications Records. The University can access these Records without consent and without following the provisions of Section IV from the point of separation. Nevertheless, when access to such

Records is needed, least perusal of contents and the least action necessary to resolve the situation must still be employed.

Providers of University Electronic Communications Systems and Services must ensure that their operational practices and terms of service are consistent with this Policy, and that their users are made aware of these terms prior to use.

Unit heads must ensure that their local practices regarding Electronic Communications Records are consistent with this Policy, and that users are made aware of these practices as part of the onboarding process. Guidance can be found in the <u>Electronic Communications Policy</u>, Attachment 2 (Implementation Guidelines), Section III.B.5 on Access to University Administrative Records.

### **IV. ACCESS WITHOUT CONSENT**

The University can access Electronic Communications Records without the consent of the Holder for the purposes of examination or disclosure of the contents only when:

- (i) required by and consistent with law;
- (ii) there is Substantiated Reason to believe that violations of law or of University policies listed in the ECP Appendix C, Policies Relating to Access Without Consent have taken place;
- (iii) there are Compelling Circumstances; or
- (iv) under Time-dependent, Critical Operational Circumstances.

#### A. Authorization

When under the circumstances described above and in accordance with the appropriate procedure outlined below, the contents of Electronic Communications Records can be accessed, examined or disclosed without the Holder's consent.

- Prior Authorization (Section IV.A.1)
- Emergency Circumstances (Section IV.A.2)
- Search Warrants and Subpoenas (Section IV.A.3)
- Preservation of Evidence (Section V)
- California State and Internal Audit (Reference VI.4)

### 1. Prior Authorization

UCLA employees or investigative offices may request access without consent by completing Attachment A, *Request Form for Authorization to Access Electronic Communications Records* ("Request Form") in advance of access. The UCLA Authorizing Official is the official responsible for authorizing or denying the access request, in writing. Any authorization will be limited to the least perusal of contents and the least action necessary to resolve the situation.

The appropriate UCLA Authorizing Official depends upon the status of the affected Holder (see Table 1 below). Prior to approving or not approving the request, the UCLA Authorizing Official will seek the advice of the following officials and all such advice will be given in a timely manner.

- Department Head or Unit Head, to ensure the request is appropriate and related to University activities;
- UCLA Office of Legal Affairs (if a campus matter) or UCLA Health Sciences Office of Legal Affairs (if a Health Sciences matter) because of changing interpretations by the courts of laws affecting the privacy of Electronic Communications, and because of potential conflicts among different applicable laws;
- Chair of the UCLA Academic Senate, when a request involves Electronic Communications Records held by Faculty or Emeritus Faculty, will attach written advice separately from the Request Form; and

• Campus Chief Privacy Officer (if a campus matter) or UCLA Health Chief Security and Data Privacy Officer (if a Health Sciences matter), on limiting authorization to the least perusal and the least action necessary to resolve the situation.

| Table 1. UCLA Authorizi | ng Officials |
|-------------------------|--------------|
|                         |              |

| If Holder's Status is:   | The UCLA Authorizing Official is:   | The UCLA Authorizing Official is advised by:  |
|--|---|---|
| Faculty, Emeritus Faculty,<br>Separated faculty with an<br>agreement for continued<br>access to Electronic<br>Communications Services  | Vice Chancellor, Academic Personnel   | <ul> <li>Department or Unit Head</li> <li>Campus Counsel or UCLA Health Legal Affairs</li> <li>Campus or UCLA Health Chief Privacy Officer</li> <li>Chair, Academic Senate</li> </ul> |
| Student (Not in a capacity<br>as a Staff Employee) or<br>Academic Apprentice   | Vice Chancellor, Student Affairs  | <ul> <li>Campus Counsel or UCLA Health Legal Affairs</li> <li>Campus or UCLA Health Chief Privacy Officer</li> </ul>  |
| Staff Employee (Non-<br>UCLA Health), Student in<br>this capacity, or Separated<br>staff with an agreement<br>for continued access to<br>Electronic<br>Communications Services                   | Administrative Vice Chancellor  | <ul> <li>Department or Unit Head</li> <li>Campus Counsel</li> <li>Campus Chief Privacy Officer</li> </ul>   |
| UCLA Health Staff<br>Employee or Student in<br>this capacity or Separated<br>UCLA Health Staff<br>Employee with an<br>agreement for continued<br>access to Electronic<br>Communications Services | President of UCLA Health;<br>CEO of UCLA Hospital System; and<br>Associate Vice Chancellor of UCLA<br>Health Sciences<br>Vice Chancellor, UCLA Health<br>Sciences; and CEO of UCLA Health | <ul> <li>Department or Unit Head</li> <li>UCLA Health Legal Affairs</li> <li>UCLA Health Chief Privacy Officer</li> </ul>   |
| Any  | Chancellor  | <ul><li>Campus Counsel or UCLA Health Legal Affairs</li><li>Others advisory officials is discretionary</li></ul>  |
| Any  | Executive Vice Chancellor and Provost   | <ul><li>Campus Counsel or UCLA Health Legal Affairs</li><li>Others advisory officials is discretionary</li></ul>  |

The Chancellor or the Executive Vice Chancellor and Provost may act in place of any of the UCLA Authorizing Officials in Table 1, regardless of the affected Holder's status. While the Chancellor or the Executive Vice Chancellor and Provost are only required to consult with UCLA Legal Affairs or UCLA Health Sciences Legal Affairs, they will generally also consult with the Campus or UCLA Health Chief Privacy Officer.

The authority of UCLA Authorizing Officials may not be delegated. A UCLA Authorizing Official will recuse themselves in the event of a conflict of interest. Approvals can be made by signing the form and/or by sending a confirming email.

Authorization is given to the individual UCLA employee named in Attachment A, unless this request is from an investigative office (Section IV.A.4), in which case authorization is for that office.

### 2. Emergency Circumstances

In Emergency Circumstances, access without consent may be taken immediately without prior authorization, but appropriate authorization must then be sought without delay following the procedures described above. The least perusal of contents and the least action necessary is required to resolve the emergency.

If the action taken is not subsequently authorized, the Electronic Communications Holder may seek recourse (Section IV.D).

### 3. Search Warrants and Subpoenas

Search warrants and subpoenas are not subject to Sections IV.A.1, 2, 4, IV.C or IV.D. Search warrants and subpoenas for Electronic Communications Records will be referred to Campus Counsel or designated campus officials.

- *Search Warrants.* Duly signed search warrants will be processed in accordance with federal and state laws, University policies, and instructions in the warrant.
- *Subpoenas*. Subpoenas will be processed in accordance with applicable federal and state laws and University policies (see <u>UCLA Procedure 120.1, Producing Records Under Subpoena Duces Tecum and Deposition Subpoenas</u>).

Campus officials will provide advance notice to individuals whose records are the subject of a subpoena or warrant, except where a court order prohibits such notice.

### 4. <u>Investigations</u>

The following investigative offices may act as the requestor for access without consent in Attachment A:

- ADA/504 Compliance
- <u>Civil Rights Office</u>
  - Discrimination Prevention
    - o Title IX
  - o Staff, Diversity & AA/EEO Compliance
- Compliance
  - o <u>UCLA Compliance</u>
    - o UCLA Health Compliance Services
- Human Resources
  - o <u>Campus Human Resources</u>
  - <u>Human Resources</u> (UCLA Health)
- Locally Designated Official
- <u>Research Policy and Compliance</u>
- <u>Student Conduct</u>

### **B.** Notification

The UCLA campus Chief Privacy Officer or UCLA Health Chief Privacy Officer, as appropriate, will at the earliest opportunity that is lawful and consistent with other University policies notify the affected individual of the action(s) taken and the reasons for the action(s) taken. Campus Counsel or UCLA Health Legal Affairs, as appropriate, will advise if notification should not occur.

UCLA will issue, in a manner consistent with law, an annual report summarizing instances of authorized or Emergency Circumstances access without consent pursuant to the provisions of this section, without revealing personally identifiable data. The campus Chief Privacy Officer will tabulate this data for UCLA and provide the report as required by the ECP.

### C. Compliance with Law

Actions taken under this Policy, including access to Electronic Communications Records residing on equipment not owned or housed by the University, will be in full compliance with the law and other applicable University policies, including laws and policies listed in ECP Appendix B, References. Advice of counsel must always be sought prior to any action involving Electronic Communications Records.

Should any requirement of this Policy be in conflict with legal requirements, Campus Counsel or UCLA Health Legal Affairs, as appropriate, in consultation with other campus offices or officials as appropriate, will make a recommendation to the Executive Vice Chancellor and Provost or to the Chancellor about resolving the conflict.

### D. UCLA Recourse

A UCLA Electronic Communications Holder who believes that an action taken under Section IV.A.1 or IV.A.2 by employees or agents of the University was in violation of this Policy may file a complaint through their applicable faculty or staff grievance procedure.

### V. PRESERVATION OF EVIDENCE

Consent is not required to carry out the University's duty to preserve evidence. However, evidence subject to this Policy remains subject to this Policy when preserved. Thus any examination or disclosure of such preserved evidence requires the Holder's prior consent as required by Section III, Policy Statement, or the procedure in Section IV, Access without Consent.

Preservation applies to all University Electronic Communications Services, including but not limited to departmental services, Enterprise Messaging, MedNet, and Google Apps for UCLA.

Actual preservation will be coordinated through the campus e-discovery Coordinator, or UCLA Health ediscovery Coordinator, as appropriate, to ensure preservation meets chain of custody and other legal requirements, and to ensure that preserved evidence is securely stored. Evidence so preserved may be exempted from the encryption requirements of UCLA Policy 404, Encryption of Electronically Stored Personal Information.

Preserved evidence will be released by the campus e-discovery Coordinator or UCLA Health e-discovery Coordinator in accordance with preserved evidence disposition protocols.

Questions concerning this Policy should be referred to the Responsible Department listed at the top of this document

### Request Form for Authorization to Access Electronic Communications Records without Consent

### HOW TO USE THIS FORM

For information about the use of this form, see UCLA Policy 410: Access without Consent to Electronic Communications Records.

#### Instructions to the UCLA Employee or Investigative Unit ("Requestor") to request authorization

| RESPONSIBLE<br>INDIVIDUAL                         | ACTION   | NOTES   |
|---|--|---|
| Requestor   | 1. Fill out Parts I and III of this form.  | Guidance may be obtained from Campus<br>Counsel, UCLA Health Legal Affairs, or the<br>campus or UCLA Health Chief Privacy Officers. |
|   | 2. Obtain the signature of the Electronic<br>Communications Holder's department / unit<br>head on Part II of the form.                     |   |
|   | 3. Take this form to Campus Counsel (for<br>campus matters) or Health Legal Affairs (for<br>Health Sciences matters), for their signature. |   |
| Campus Counsel<br>or UCLA Health<br>Legal Affairs | 4. Campus Counsel or Health Legal Affairs will obtain the remaining signatures.  |   |
| Campus or UCLA<br>Health Chief<br>Privacy Officer | 5. The Chief Privacy Officer will remove<br>Part III of this form and send a copy of Parts<br>I and II to the Requestor.                   | The original completed form will be retained by the appropriate Chief Privacy Officer.  |

### If access is authorized by the UCLA Authorizing Official

| RESPONSIBLE<br>INDIVIDUAL   | ACTION  | NOTES   |
|---|---|---|
| Requestor   | 6. The requestor will work with the campus or<br>UCLA Health Chief Privacy Officer, as<br>appropriate, to provide notification to<br>affected individual(s) as required by UCLA<br>Policy 410, Section IV. B. |   |
| Requestor or<br>representative of<br>the investigative<br>office (UCLA<br>Policy 410, | <ul><li>7. Present Parts I and II to the appropriate technical administrator who can provide access to the records requested.</li><li>Parts I and II of this form may also be</li></ul>                       | Any access authorized is limited to the least<br>perusal of contents and the least action necessary<br>to resolve the matter. Any accessed content must<br>be safeguarded as per UC IS-3 Electronic<br>Information Security.  |
| Section IV.A.4)   | presented to specific individuals who must<br>access or analyze the content.<br>[Note: These two Parts of the form are<br>expected to exist on a single page when<br>printed.]                                | Individuals who access this content are not<br>permitted to disclose or otherwise use what they<br>have observed if not germane to the authorized<br>purpose. However, if improper governmental<br>activity (including violations of law or University<br>policy) is inadvertently discovered or suspected<br>during access, reporting of such violations will be<br>consistent with the UC Whistleblower Policy. |

#### PART I. REQUEST DETAILS

| INFORMATION ABOUT THE REQUEST   |   |  |

### PART III. EXPLANATION OF NEED (CONFIDENTIAL)

# DETAILED EXPLANATION OF WHY ACCESS WITHOUT CONSENT IS DEEMED NECESSARY

Attachment A: Request Form for Authorization to Access Electronic Communications Records without Consent

# **Definitions**

<u>Compelling Circumstances</u> are circumstances in which failure to act might result in significant bodily harm, significant property loss or damage, loss of significant evidence of one or more violations of law or of University policies listed in <u>ECP</u> Appendix C, Policies Relating to Access Without Consent, or significant liability to the University or to members of the University community.

**Electronic Communications** means any transfer of signals, writings, images, sounds, data or intelligence that is, created, sent, forwarded, replied to, transmitted, distributed, broadcast, stored, held, copied, downloaded, displayed, viewed, read, or printed by one or several Electronic Communications Systems. For purposes of this Policy, an electronic file that has not been transmitted is not an Electronic Communication.

<u>Electronic Communications Records</u> are the contents of Electronic Communications created, sent, forwarded, replied to, transmitted, distributed, broadcast, stored, held, copied, downloaded, displayed, viewed, read, or printed by one or several Electronic Communications Systems or Services. This definition of Electronic Communications Records applies equally to attachments to such records and Transactional Information associated with such records.

<u>Electronic Communications Resources</u> are telecommunications equipment, transmission devices, electronic video and audio equipment, encoding or decoding equipment, computers and computer time, data processing or storage systems, computer systems, servers, networks, input/output and connecting devices, and related computer records, programs, software, and documentation that supports Electronic Communications Services.

<u>Electronic Communications Service Provider</u> means any unit, organization, or staff with responsibility for managing the operation of and controlling individual user access to any part of the University's electronic communications systems and services.

<u>Electronic Communications Systems or Services</u> are any messaging, collaboration, publishing, broadcast, or distribution system that depends on Electronic Communications Resources to create, send, forward, reply to, transmit, distribute, broadcast, store, hold, copy, download, display, view, read, or print electronic records for purposes of communication across Electronic Communications network systems between or among individuals or groups, that is either explicitly denoted as a system for Electronic Communications or is implicitly used for such purposes.

**Emergency Circumstances** means circumstances in which time is of the essence and there is a high probability that delaying action would almost certainly result in Compelling Circumstances.

**Faculty** means a member of the academic community defined as Faculty by Academic Personnel Manual, APM 110-4 (15).

**Holder of an Electronic Communications Record** or **Electronic Communications Holder (Holder)** means an Electronic Communications user who, at a given point in time, is in Possession (see definition below) or receipt of a particular Electronic Communications Record, whether or not that Electronic Communications user is the original creator or a recipient of the content of the record.

Except for UCLA Emeritus faculty and UCLA Emeritus staff, and Registered Students, or unless pursuant to an agreement for continuing provision of an Electronic Communications Service (including eligibility for Google Apps for UCLA services), employees who have separated from the University of California are no longer the Holders of Electronic Communications Records. For students who also are employees, if they use an email account supplied by the University, once they separate from employment, the student maintains Holder status of the account while they are a registered student.

**Possession of Electronic Communications Record** means an individual is in Possession of an Electronic Communications Record, whether the original record or a copy or modification of the original record, when that individual has effective control over the location of its storage or access to its content. Thus, an Electronic Communications Record that resides on an Electronic Communications server awaiting download to an addressee is deemed, for purposes of this Policy, to be in the Possession of that addressee. Systems administrators and other

operators of University Electronic Communications Services are excluded from this definition of Possession with regard to Electronic Communications not specifically created by or addressed to them.

Electronic Communications users are not responsible for Electronic Communications Records in their possession when they have no knowledge of the existence or contents of such records.

<u>Public Record</u> means a Record as defined in <u>Business and Finance Bulletin RMP-1</u>, <u>University Records</u> <u>Management Program</u>, any writing, regardless of physical form or characteristics, containing information relating to the conduct of the public's business prepared, owned, used, or maintained by an operating unit or employee of the university. Except for certain defined situations, such records are subject to disclosure under the California Public Records Act.

<u>Substantiated Reason</u> means reliable evidence indicating that violation of law or of University policies listed in the ECP Appendix C, Policies Relating to Access Without Consent, probably has occurred, as distinguished from rumor, gossip, or other unreliable evidence.

<u>**Time-dependent, Critical Operational Circumstances**</u> means circumstances in which failure to act could seriously hamper the ability of the University to function administratively or to meet its teaching obligations, but excluding circumstances pertaining to personal or professional activities, or to faculty research or matters of shared governance.

**Transactional Information** is information, including electronically gathered information, needed either to complete or to identify an electronic communication. Examples include but are not limited to: electronic mail headers, summaries, addresses and addresses; records of telephone calls; and IP address logs.

<u>UCLA Authorizing Official</u> is the UCLA administrator identified in Table 1 (Section IV.A.1) with the authority to approve access to a UCLA Electronic Communications user's Electronic Communications Records without the consent of the user under certain circumstances.

<u>UCLA Emeritus</u> is a retired UCLA employee, either member of the faculty or staff, upon whom has been conferred formal emeriti status under Regents Policy 1203, Policy on Emerita/Emeritus Title Suffix.

<u>UCLA Health</u> includes Ronald Reagan and Santa Monica Medical Centers, Mattel's Children's Hospital, Resnick Neuropsychiatric Hospital, UCLA Health Clinics, UCLA Faculty Group and David Geffen School of Medicine.

<u>University Electronic Communications Record</u> refers to a Public Record in the form of an electronic communications record, whether or not any of the electronic communications resources utilized to create, send, forward, reply to, transmit, distribute, broadcast, store, hold, copy, download, display, view, read, or print the electronic communications record are owned by the University. This implies that the location of the record, or the location of its creation or use, does not change its nature (i) as a University Electronic Communications Record for purposes of this or other University policy, and (ii) as having potential for disclosure under the California Public Records Act.

• Until determined otherwise or unless it is clear from the context, any Electronic Communications Record residing on university-owned or controlled telecommunications, video, audio, and computing facilities will be deemed to be a University Electronic Communications Record for purposes of this Policy. This *would* include personal electronic communications. Consistent with the principles of least perusal and least action necessary and of legal compliance, the University must make a good faith a priori effort to distinguish University Electronic Communications Records from personal communications in situations relevant to disclosures under the California Public Records Act and other laws, or for other applicable provisions of this Policy.

<u>University Electronic Communications Systems or Services</u> are Electronic Communications Systems or Services owned or operated by the University or any of its sub-units or provided through contracts with the University.
